## M&C MEN WITH BEST ACCIDENT-FREE RECORD PRESENTED WITH SPECIAL SAFETY AWARDS

On Friday, a group of M&C employees with 28 or more consecutive years without an injury received special safety awards in the form of transistor radios. These awards were presented to them by President Roy L. Trusty and Mechanical Manager K. L. Weill, and are in commemoration of the M&C Division's various safety achievements since March 11, 1969. The first award recipients are:

G. L. Frank	-(38)	A. Dijkhoff	-(28)
V. Briezen	-(36)	H. Seraus	-(28)
P.J.M. v/d Biezen	-(35)	A.F. Chirino	-(28)
V.C. Figaroa	-(34)	M. Vrolijk	-(28)
S.A. Panthophlet	-(33)	B. Erasmus	-(28)
L. Werleman	-(30)	J. d/l C. Kock	-(28)
G.A. Henriquez	-(29)	J. Nogera	-(28)
		S. Stamper	-(28)

The rest of the M&C employees will be presented their awards this week.

## PAUL C. LINDSEY JOINS TECHNICAL DEPARTMENT

Effective October 7, Paul C. Lindsey joined the Planning & Project Division of the Technical Department as senior engineering associate, reporting to the Division Superintendent. Paul transferred to Lago from Humble Oil after a period of service with Esso Eastern in Malaysia. His office is in G.O.B. Room 242, telephone 2782.

## ADRIANO CROES HONORED AT RETIREMENT LUNCHEON

Today, Adriano Croes of Process - Utilities Division, will be honored at a retirement luncheon at the Esso Club. Mr. Croes, who will retire effective June 27, 1972, will receive his 21-year service emblem and service certificate.

## SZAR ON STREAM; NAPHTHA HYDROFINER IN OPERATION

One of the HDS Sulfur Plants was started up on Friday after minor repairs to the unit and replacement of some of the unit's catalyst. Carbon was deposited on the catalyst as a result of the refinery power failure. Sulfur production is about 15 tons per day. The Naphtha Hydrofiner (NHAR) was started up over the weekend. The unit has been down since the refinery power failure awaiting hydrogen from the Hydrogen Plants, and naphtha feed from the PCAR. The unit is presently desulfurizing about 6000 B/D of heavy cat naphtha feed.

## HDS STARTUP TASK FORCE DISBANDED

As of October 15, 1971, the HDS Start-up Task Force will be disbanded. All ERE start-up personnel will then have returned to Florham Park. Mechanical Start-up Forces under H.C. Quarles will become the HDS Zone of Mechanical M&C. Process Start-up Forces under R. S. Swingholm will constitute the HDS Division of Process. Again congratulations to these groups.

## D-REACTOR AT ISAR ON STREAM

The D-Reactor at the ISAR was put on stream over the weekend.

## RAINFALL

The pluviometer at the Laboratories registered 1.00 inch of rainfall for last week. This compares with .720 inch of rainfall during a similar period last year.

## SAR RETURNED TO SERVICE

The SAR (Acid Plant) came up over the weekend after being down several weeks for repairs.
